Ad ogni appuntamento una delle insegnanti della Scuola illustrerà in modo chiaro & semplice una diversa questione grammaticale, con un po' di teoria & molti esempi pratici ed esercizi specifici. Ma soprattutto risponderà alle tue domande!

*Everything you always wanted to know about the Italian grammar but were afraid to ask!*

The *Dante Italian Language School* invites you to join a new language program, a series of single-focus tutorials on the least friendly aspects of the Italian grammar.

In each lesson an instructor from the Dante Italian Language School will clear up some tricky point with a little theory and lots of practice in an interactive, student driven environment.

This is your chance to ask questions, get answers and clarify your doubts on the Italian language once and for all!

- **Thursday, October 13 from 2 pm to 4 pm (Pacific Time), online**
- *Irregular Verbs in Present Tense. For Beginner/Intermediate Levels*

The present tense conjugations of irregular verbs are important not just because they are used so much, but also because they form the basis for conjugations that you will need to study later, especially the imperative and the subjunctive.

- **Thursday, October 20 from 2 pm to 4 pm (Pacific Time), online**
- *Nouns, Adjectives & Articles. For Beginner/intermediate Levels*

The meeting is devoted to nouns and things associated with them, like articles and adjectives. Knowing things about the Italian noun you use (like gender and number) allows you to choose the correct article to go with. Adjectives are words that describe nouns. Just like the articles, their endings are variable, depending upon gender and number of nouns they describe.

- **Thursday, October 27 from 2 pm to 4 pm (Pacific Time), online**
- *Present and Past Conditional. For Intermediate/Advanced Levels.*

The Italian *condizionale* is not challenging as the subjunctive, but it does, just like all other tenses, take some practice to get used to. If you would like to speak Italian like a

native, you definitely need to know how to use it! In this meeting, you will see how to form it and all the different way you can use the conditional tense.

- **Thursday, November 3 from 2 pm to 4 pm (Pacific Time), online**
  - *Pronominal Verbs. For intermediate/Advanced Levels*

Italian pronominal verbs change their meaning when combined with pronominal particles – ci, ne, la – or with reflexive pronouns. Sometimes this change is small, some others it is rather deep.
